**There is only one way to enjoy Dubai: your way.**

Your interests, your rhythm, your style.

You decide the purpose of your trip: social, cultural, recreational, shopping, fun ...

No matter the goal, get ready for the best of the best.

After a long journey, your first impression will be your hotel. You will not be disappointed. Getting there is part of the fun.

**Helicopter? Limousine? Rolls Royce or Lamborghini?**

You will be so stunned by the amenities, the modernity and the opulence, that you will not want to leave the hotel. Enjoy it! We'll be ready when you are.

Great experiences await you!

# Magic in the Desert

***Your camera will help you remember the places you visited but***

How do you capture in a photograph your admiration for all the warm tones your eyes can distinguish?

You only experience that magic by entering the vastness of the desert. Enjoy an exciting safari through the red dunes aboard a vehicle with modern comforts, and then continue by riding a camel. Take the opportunity to wear the traditional and cooling light tunic. Leave with some incredible photographs. Appreciate a magical sunset and end the evening with a luxurious dinner and a traditional belly dance show in a Bedouin camp. Gaze at the stars with the guidance of an astronomer and let your hands and feet be adorned with henna tattoos. For an extra dose of adrenaline during the excursion, hit the dunes on a quad bike or buggy or try sandboarding.

It will be a difficult day to forget!

# The flow of the N I G H T

The light of the stars is not the only one that shines at night. Be dazzled by the sparkle of the city!

At night, with more pleasant temperatures, our local guides eagerly take you to the most special places, which are not exactly the most touristy!

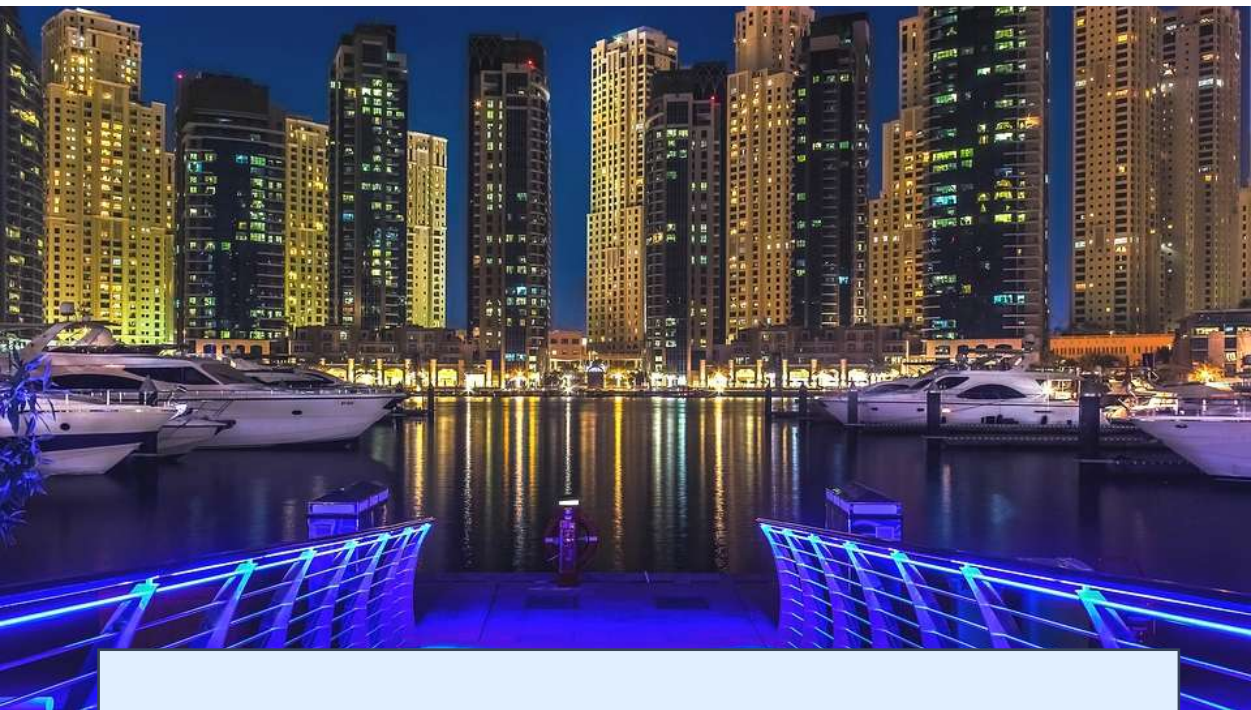

It's not time to sleep yet! The skyscrapers offer rooftop shows and the most exclusive restaurants in the world await for you to taste their exclusive dishes. Take your time as your name is already on the list for having fun in one of the most exclusive clubs. Arrive in style. You won't be the one taking the photos as you are the center of attention! Needless to say, formal dress is required to match the glow of the venue... and that of the other guests.
