Commercial Flight Options

Amanwana can assist guests in commercial flight bookings. Currently, commercial flights do not fly direct to Sumbawa from Bali, Jakarta or any international destination. Guests flying on commercial airlines from Bali will experience a stopover in Lombok.

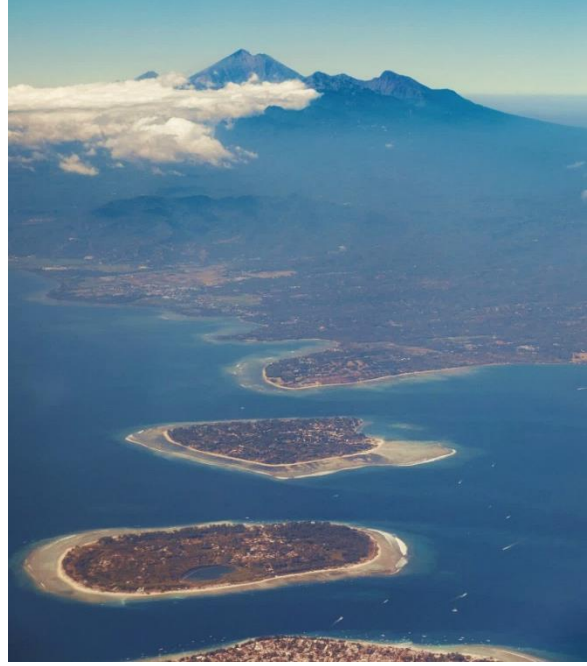

It is also worth noting that there can be occasional delays or cancellations of commercial flights, leading to overnight stays in Lombok due to the fluidity of travel conditions. Rest assured, that the Amanwana team is constantly monitoring guest arrival schedules via commercial flights and will offer invaluable assistance where necessary.

However, kindly be aware that Amanwana cannot be held responsible for any inconvenience caused by delays or cancellations of commercial flights. Only the guests are in charge of additional costs arising from changes to these flights.

Guests are promptly welcomed by an Aman representative upon landing at Sultan Muhammad Kaharuddin III airport. As soon as the guests are driven away by car to Amanwana's exclusive peninsula, where a waiting vessel gracefully escorts them into its glorious sanctuary, an uninterrupted transfer will take place.
