TAWANA

Moremi Game Reserve

Set amid the predator rich Moremi Game Reserve, Tawana offers some of the best game viewing in the whole of Botswana and the area around Tawana in particular has some of the most incredible concentrations of wildlife.

Herds of buffalo, elephant and antelope thrive within this unspoiled landscape, followed through the seasons by hungry predators. Lion, leopard and African wild dogs are plentiful here, and frequently sighted just meters from the camp, and on game drives.
