

## **Cheval Blanc Maldivas**

In our continuous effort to maximize booking opportunities and to ensure that our resort remains as accessible as possible to our valued partners during this important pre-festive period, we are pleased to inform you of an adjustment to our Best Available Rate structure.

To further enhance availability and support stronger conversion, we will be updating **BAR-11 to BAR-7 for the stay period from 20 December to 23 December, both dates inclusive**. This optimization is intended to create a more competitive landscape while simultaneously aligning with market demand trends, ultimately assisting our partners in securing incremental reservations during these key dates.

We remain at your full disposal should you require any further information or wish to discuss additional strategies for driving bookings during this period. As always, we sincerely appreciate your continued support and collaboration.
