Character in Every Corner

Dear Team,

I'm delighted to introduce Suites & Beyond, a new programme thoughtfully designed around our guests. Guided by our philosophy of generosity and discovery, it reimagines the conventional suite experience.

In addition to the programme inclusions listed below, guests can expect a selection of bespoke amenities each day, chosen to reflect their individual tastes, and enjoy immersive cultural experiences that bring our destinations to life.

With Suites & Beyond, you can offer your clients something truly distinctive — stays defined by character and elevated by personal attention.

Best wishes,

Vivian Brito
