LOS MILAGROS

## THE GRAND DAME

Hacienda Los Milagros is a newly reimagined villa on Punta Mita's premier beach, in the exclusive Ranchos community. From the world-class culinary team, who works with local fishermen, farmers, and ranchers to source the best organic ingredients, to the leading Mexican artists and artisans whose work brings the villa to life, the candlelit courtyards where mezcal digestifs are de rigueur, and the acres of tropical Nayarit gardens where plumeria and mango blossoms scent the air, Hacienda Los Milagros is a love letter to Mexico.

We aim to showcase Mexico through highlighting the country's unique offerings, heartfelt service, and a resolution to making anything possible. Woven throughout is an attention to detail that reflects a deep love and respect for the culture and the wonderful gift of the surrounding nature.

Elegant and gracious, the villa offers both extreme privacy and direct access to Punta Mita's most desirable white-sand cove, ideal for both swim and surf. With the old-world charm of historical haciendas, the whimsical glamour of golden age Hollywood, a fresh Mexican beachside spirit, and a modern day sensibility, every detail has been thoughtfully considered to create the ultimate private luxury experience.
