

Honeymoon at Viceroy Bali

An exclusive offer for our travel partners

Set high above the Petanu River, Viceroy Bali is a family-owned sanctuary where the jungle opens onto an endless horizon. Each villa has its own private heated pool, the days drift between the spa and the infinity edge, and the nights belong to candlelight and the Ubud sky. It is a place made for two. For honeymooners, we have brought together the moments that make a first journey as a couple unforgettable.

BEYOND THE VILLA

When the couple is ready to explore, our team arranges the experiences that make Ubud unforgettable. A sunrise trek up Mount Batur, white-water rafting on the Ayung River, walks through emerald rice terraces and hidden waterfalls, sunrise yoga above the valley, or a private helicopter flight over Bali's volcanoes from our own helipad. A complimentary shuttle runs to downtown Ubud through the day.

A TABLE FOR TWO

Dining here is its own kind of romance. Apéritif, regularly named among Indonesia's finest restaurants, serves a degustation menu that pairs European finesse with Balinese flavour, while CasCades opens each morning to valley views and dishes prepared to order. A private dinner can be set wherever the couple wishes, beside the pool, or beneath the stars.
